

2025-2026 Statement of Monthly Income and Expenses

This form is being requested based on your submitted financial aid application materials which suggest the family's expenses are greater than their income. To better understand your family's financial situation, please complete this form. Please complete all sections. **Do not leave any line blank. Enter zeroes where appropriate.** Extra space has been provided for you to identify additional income sources.

We assume every person must have some form of income and/or support to cover basic living expenses. If zero income and expense is reported with no explanation of how you are meeting basic living expenses, your appeal will not be considered.

Documents requested by the Office of Financial Aid may be submitted via US mail, email or fax. **In an effort to safeguard your personal information, the Office prefers that forms be submitted via fax.** When submitting documentation, please do not submit image files or photographs.
